

1. Introduction

2. JSON

1. Introduction
2. Serialization
3. Deserialization
4. JSON class
5. JSONGenerator
6. JSONParser
7. Example

3. XML

1. Introduction
2. DOM
3. DOM.Document
4. DOM.Node
5. Converting XML file

4. Http

1. Introduction
2. Http Messages
3. Request and Response Message
4. Status Codes
5. Integrating SFDC with Postal india
6. Integrating SFDC with UTrace
7. Integrating SFDC with currency convertor
8. Integrating SFDC with SMS marketing
9. Salesforce with Google Captcha
10. Callouts from Triggers
11. Callouts from Batch Apex
12. Callouts from Schedule Apex
13. Callouts from future method

5. Rest AP

1. Introduction
2. Defining the REST services in Salesforce
3. Test Services using Workbench
4. Test Rest Service Using Postman

6. OAuth

1. Introduction to OAuth
2. Difference between OAuth1.0 and OAuth 2.0
3. Creating a connected app
4. OAuth using Username and Password
5. OAuth using Code format
6. OAuth using client Credentials
7. Integrating with cloud storage using OAuth
8. Integrating with LinkedIn using OAuth
9. Integrating with Facebook using OAuth
10. Integrating with QuickBooks using OAuth
11. Integrating with Google Maps using OAuth
12. Integrating with Google Drive using OAuth

7. Test class

1. Testing Rest Services
2. Testing Rest API callouts

8. SOAP

1. Introduction
2. WSDL
3. Type of WSDL
4. Debugging WSDL
5. Consuming WSDL
6. Creating SOAP services
7. Integrating with AWS
8. Integration with Java Application
9. Siebel WSDL
10. SAP WSDL
11. Partner WSDL
12. Enterprise WSDL

9. Test Class

1. Testing SOAP Services
2. Testing SOAP Callouts

10. Chatter API

1. Introduction
2. Consuming Chatter Rest Api

11. Streaming API

1. Introduction
2. Cometd
3. Push and Subscribe Model

12. Metadata API

13. Bulk API

14. Use Cases

15. Named Credentials

16. SSO
